### “From the City of Spices to the World”

At **Marutinandan Agro**, we proudly carry forward the legacy of Devchandbhai Prabhudas & Co., founded in 1976 by Late Shri Devchandbhai Prabhudas Patel and his son Shri Dashrathbhai Devchanddas. Their brands, DP Spices and Lion Brand, became trusted names in India—symbols of purity, consistency, and integrity.

Driven by the same timeless values, Marutinandan Agro was established to bring the authentic flavours and rich aromas of Indian spices and oilseeds to global markets. Backed by decades of expertise, we operate as a manufacturer, processor, exporter, and importer, delivering premium products with a strong focus on customer satisfaction, sustainability, and global compliance.

Inspired by the blessings of our founders and the strength of Lord Hanuman, we are committed to expanding this legacy—from India’s spice heartland to kitchens, retailers, and industries across the world.

### VISION

To be a trusted global leader in the spice and oilseed industry by delivering authentic Indian products cultivated with care, processed with precision, and delivered with integrity.

Our vision is not just to export spices, but to share India’s rich agricultural soul with the world.

### MISSION

We honour our legacy by staying rooted in:

- ✓ **Quality** – Sourcing India’s finest spices and oilseeds
- ✓ **Excellence** – Using modern, hygienic, and globally certified processing techniques
- ✓ **Sustainability** – Supporting ethical sourcing and farming communities
- ✓ **Partnership** – Creating long-term value for our clients across the globe

We bring the authentic taste of India to the world with responsibility, consistency, and care.

### Why Choose Marutinandan Agro?

- ✓ **Legacy of Excellence** – Over 40 years of trust, built on family values
- ✓ **Premium Quality** – Strict quality control & state-of-the-art processing
- ✓ **Global Reach** – Serving clients in 30+ countries across 5 continents
- ✓ **Ethical & Sustainable** – Supporting fair trade and eco-friendly sourcing
- ✓ **Tailored Solutions** – Custom spice blends, private labeling & flexible packaging

Whether you're a small business, a global distributor, or a retail brand—we're your trusted partner in spice.

## Our Infrastructure

### Where Quality Begins

At Marutinandan Agro, delivering premium spices and oilseeds starts with strong infrastructure. We have partnered with industry-leading manufacturers who own and operate state-of-the-art processing units, built to meet the highest global standards of hygiene, quality, and efficiency. These facilities form the foundation of our production capabilities and help us ensure consistency in every batch.

To achieve unmatched purity and precision, these units are equipped with advanced cleaning and sorting technology from Bühler, UK—a globally renowned name in food processing machinery. From optical sorters to high-efficiency cleaning systems, every machine is engineered to remove impurities and deliver export-ready products. This technology allows us to maintain exceptional quality for both spices and oilseeds, meeting the demands of international markets with confidence.

Together, we operate two production units, spanning 150,000 sq. ft., housing four modern manufacturing lines with a total capacity of 15,000 metric tons per year. These units are equipped to process a full range of whole and ground spices, custom blends, and a variety of oilseeds such as sesame, mustard, and flaxseed. Whether serving bulk buyers or private label partners, our infrastructure is built for flexibility and reliability.
